Every year some two to three thousand people come to this campus for one reason or another. Some come to MC just for the education, some for the social life, some to find partners. . . .

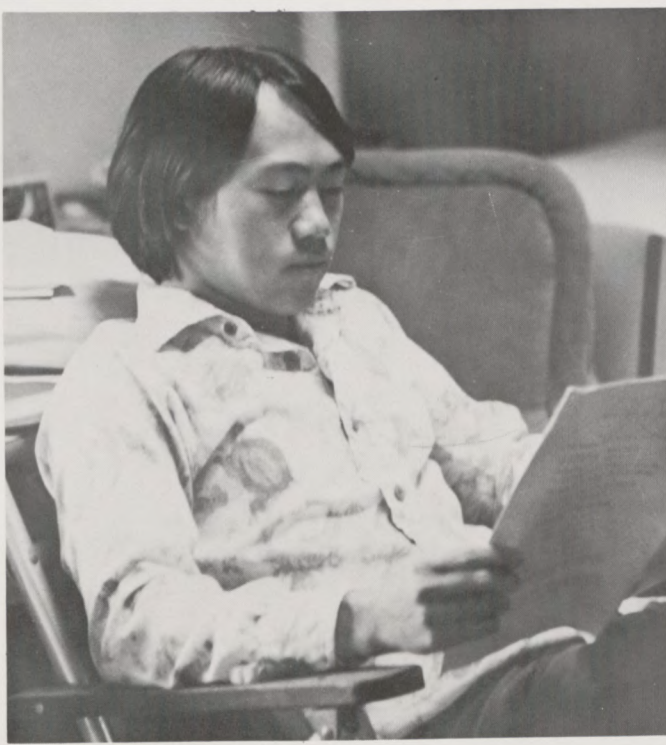

Whatever the motives, our four years in college are the framework for the most important decisions and changes concerning majors, mates, and values.

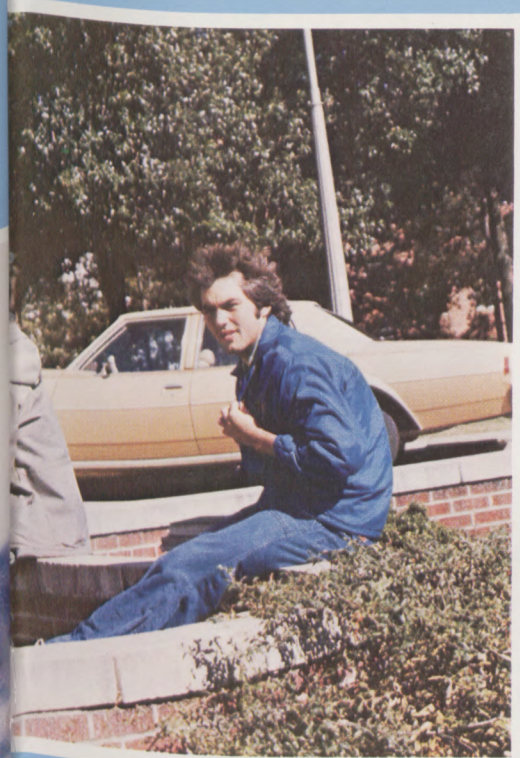

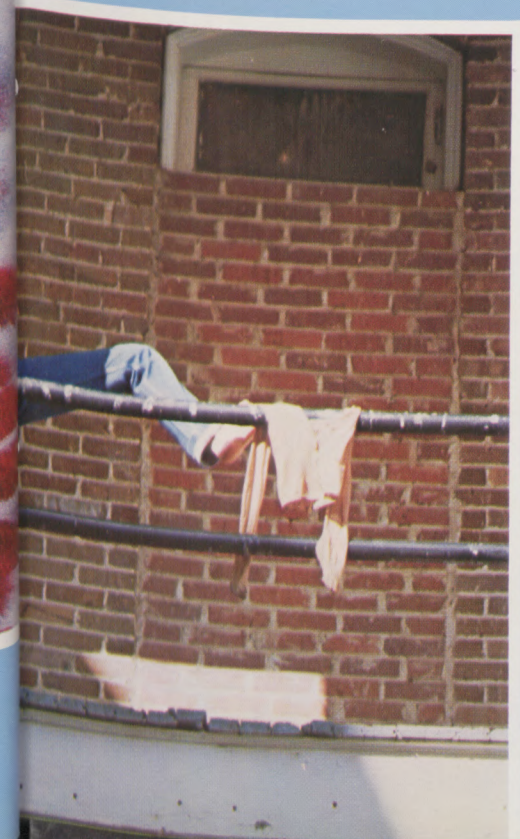

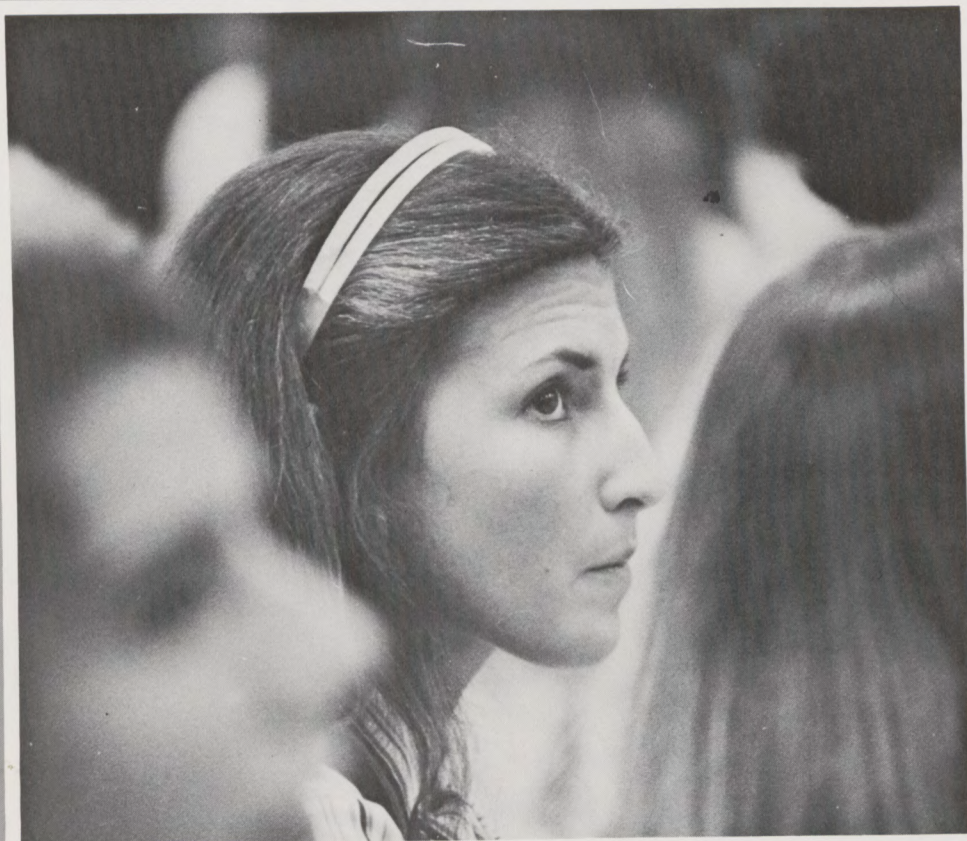

The changes we go through are sometimes called "growing up," which most of us manage to do even though, like Peter Pan, we often don't want to.

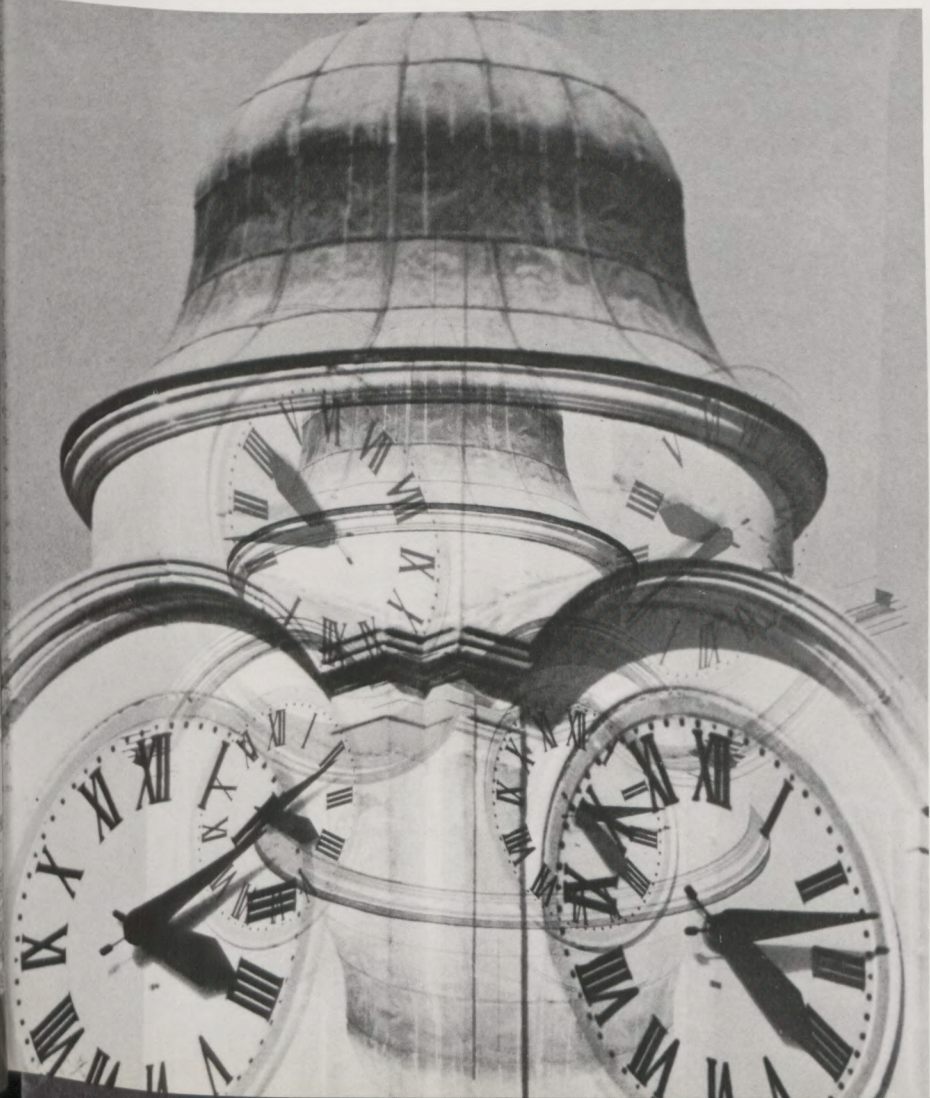

Individual change is reflected in the growth of the campus. There is a subtle change in the mood of the campus. A restlessness is evident, a questioning of old values.

A photograph of a cross-section of a tree trunk, showing the concentric growth rings. The text of the Serenity Prayer is inscribed on the wood in a dark, serif font. The background is a blurred, dark blue-grey color.

## SERENITY

God grant me the serenity to accept  
The things I cannot change  
The courage to change the things I can,  
And the wisdom to know the difference.

Throughout life, change is a fact—good, bad, or indifferent. Hopefully, the growth we've experienced here will enable us to adjust to life's uncertainties.

## Don't let it rain on my parade—or Homecoming 1977

Although clouds threatened most of the day, the rain stayed away to allow Homecoming 1977 to be a complete success. Circle K captured the prize for the best float in the parade. The patio show featured much of MC's own talented people. Best of all, by the end of the ballgame MC came out victorious over number one conference ranked Troy State.

## Freshmen Frolic

# FRESHMAN

MISS.  
COLLEGE  
1977

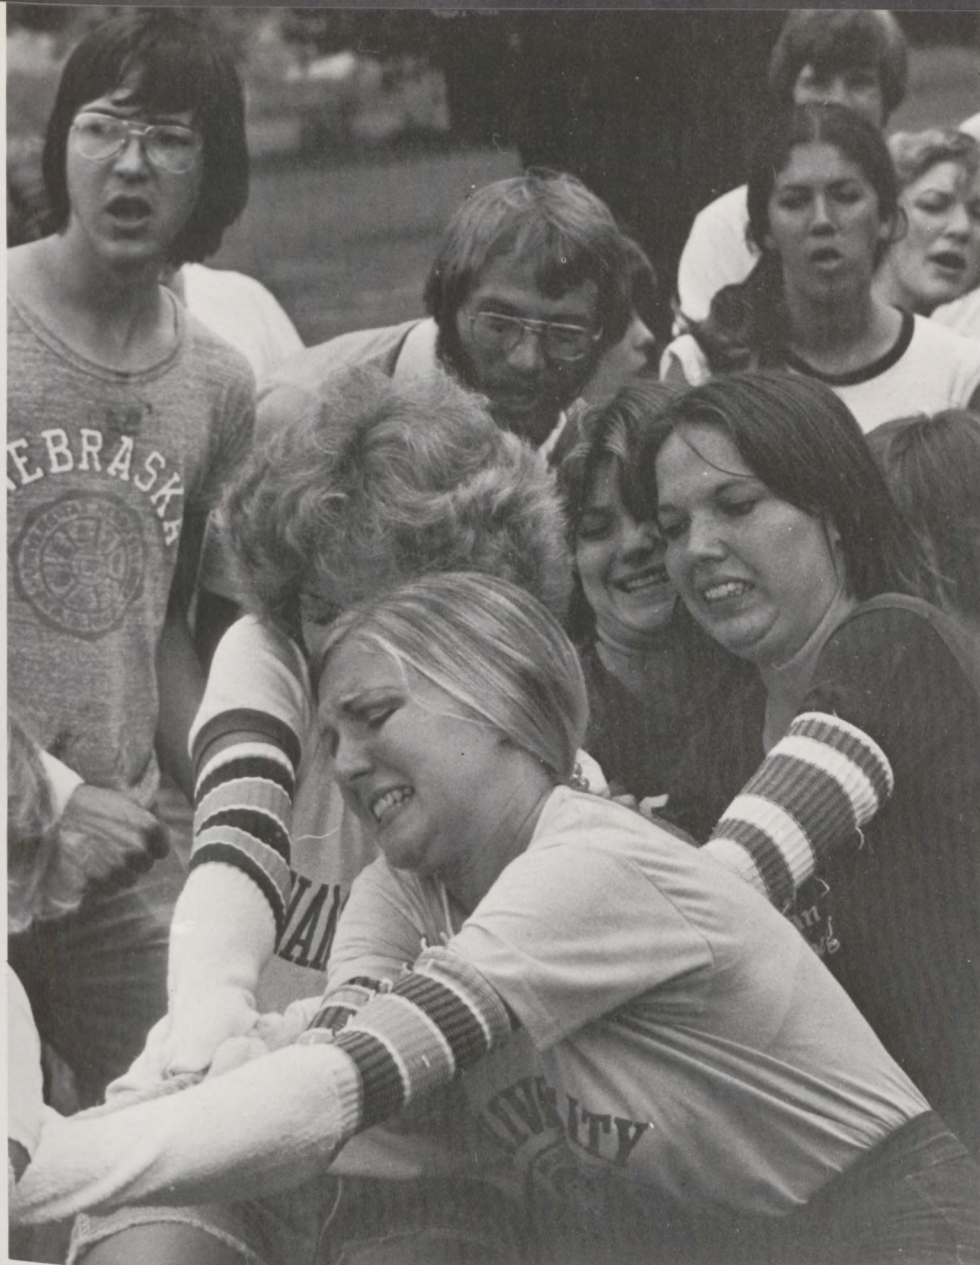

Freshmen orientation was a time for fun, fellowship, laughter and seriousness. Freshmen were divided into "troops" entitled "Grant's Army." Each troop attended meetings, churches and other activities together. Big events were traditional ones such as dressing up as choctaws and the famed freshmen talent show! The first few weeks the freshmen were uneasy, but in the words of Anne Morrow Lindbergh, "When I was young, I felt so small, and frightened for the world was tall." MC was a new world—but with the help of upperclassmen and professors, they would soon grow tall through campus life.

## Classes Clash

Oliver Wendell Holmes said, "I find the great thing in this world is not so much where we stand, as in what direction we are moving." This was the goal of each class as they strove to be the winner in the "Clash of the Classes." No member of any class simply stood there—they moved with spirit in every event. Some of the contests were pie-eating, balloon toss, bubble-gum relay, tricycle ice-buckets, and the great passing of the orange. The last and main event—the tug of war—determined the Seniors to be the overall winner.

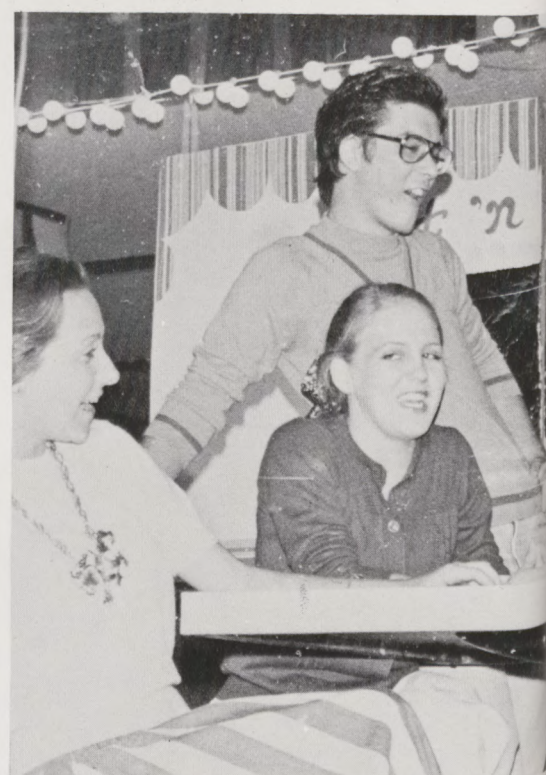

## Rush 1977— Talking trees, tinmen and true Blue

The big decision of the rushees (Which tribe is really *Me*?) was complicated by the excellent productions put on by all four tribes. Beginning with the journey through the "Land of Laguna," the rushees were treated with a take-off on the Wizard of Oz. Nenamoosha's "The Giving Tree" featured a talking tree and "Elvis", complete with back-up group. Kissimee celebrated its twenty-fifth year with a rush party spanning the '50's, '60's, and '70's. Swannanoa's tongue-in-cheek spoof of *Gone with the Wind*—"Come with the Breeze"—ended with a scene out of *Star Wars*. All in all, the hard work put into the efforts paid off beautifully.

# Fun in the Mud—or Derby Day 1977

By the end of Derby Day, Kissimee had accumulated the most points and was pronounced winner. However, all the tribes put their best into the interesting events such as skin-the-snake, limbo, tug-o-war, the Best Mascot Contest, and the spectacular—if muddy—President's Special. The grand finale of the day was a mud bath for all.

# BSU: Journey Inward, Journey Outward

The Baptist Student Union is a student religious organization that reaches into all segments of the student body. The director, Bradley Pope, states, "The students at Mississippi College are some of the most loving, caring people in the world." Through the BSU, students are given the opportunity for such outreaching involvement as tutoring at the Baptist Children's Village, entertaining at the Crippled Children's Hospital, and the Methodist Rehabilitation Center, and participating in mission action teams. The misconceptions surrounding cultures of other countries are erased through interaction with international students.

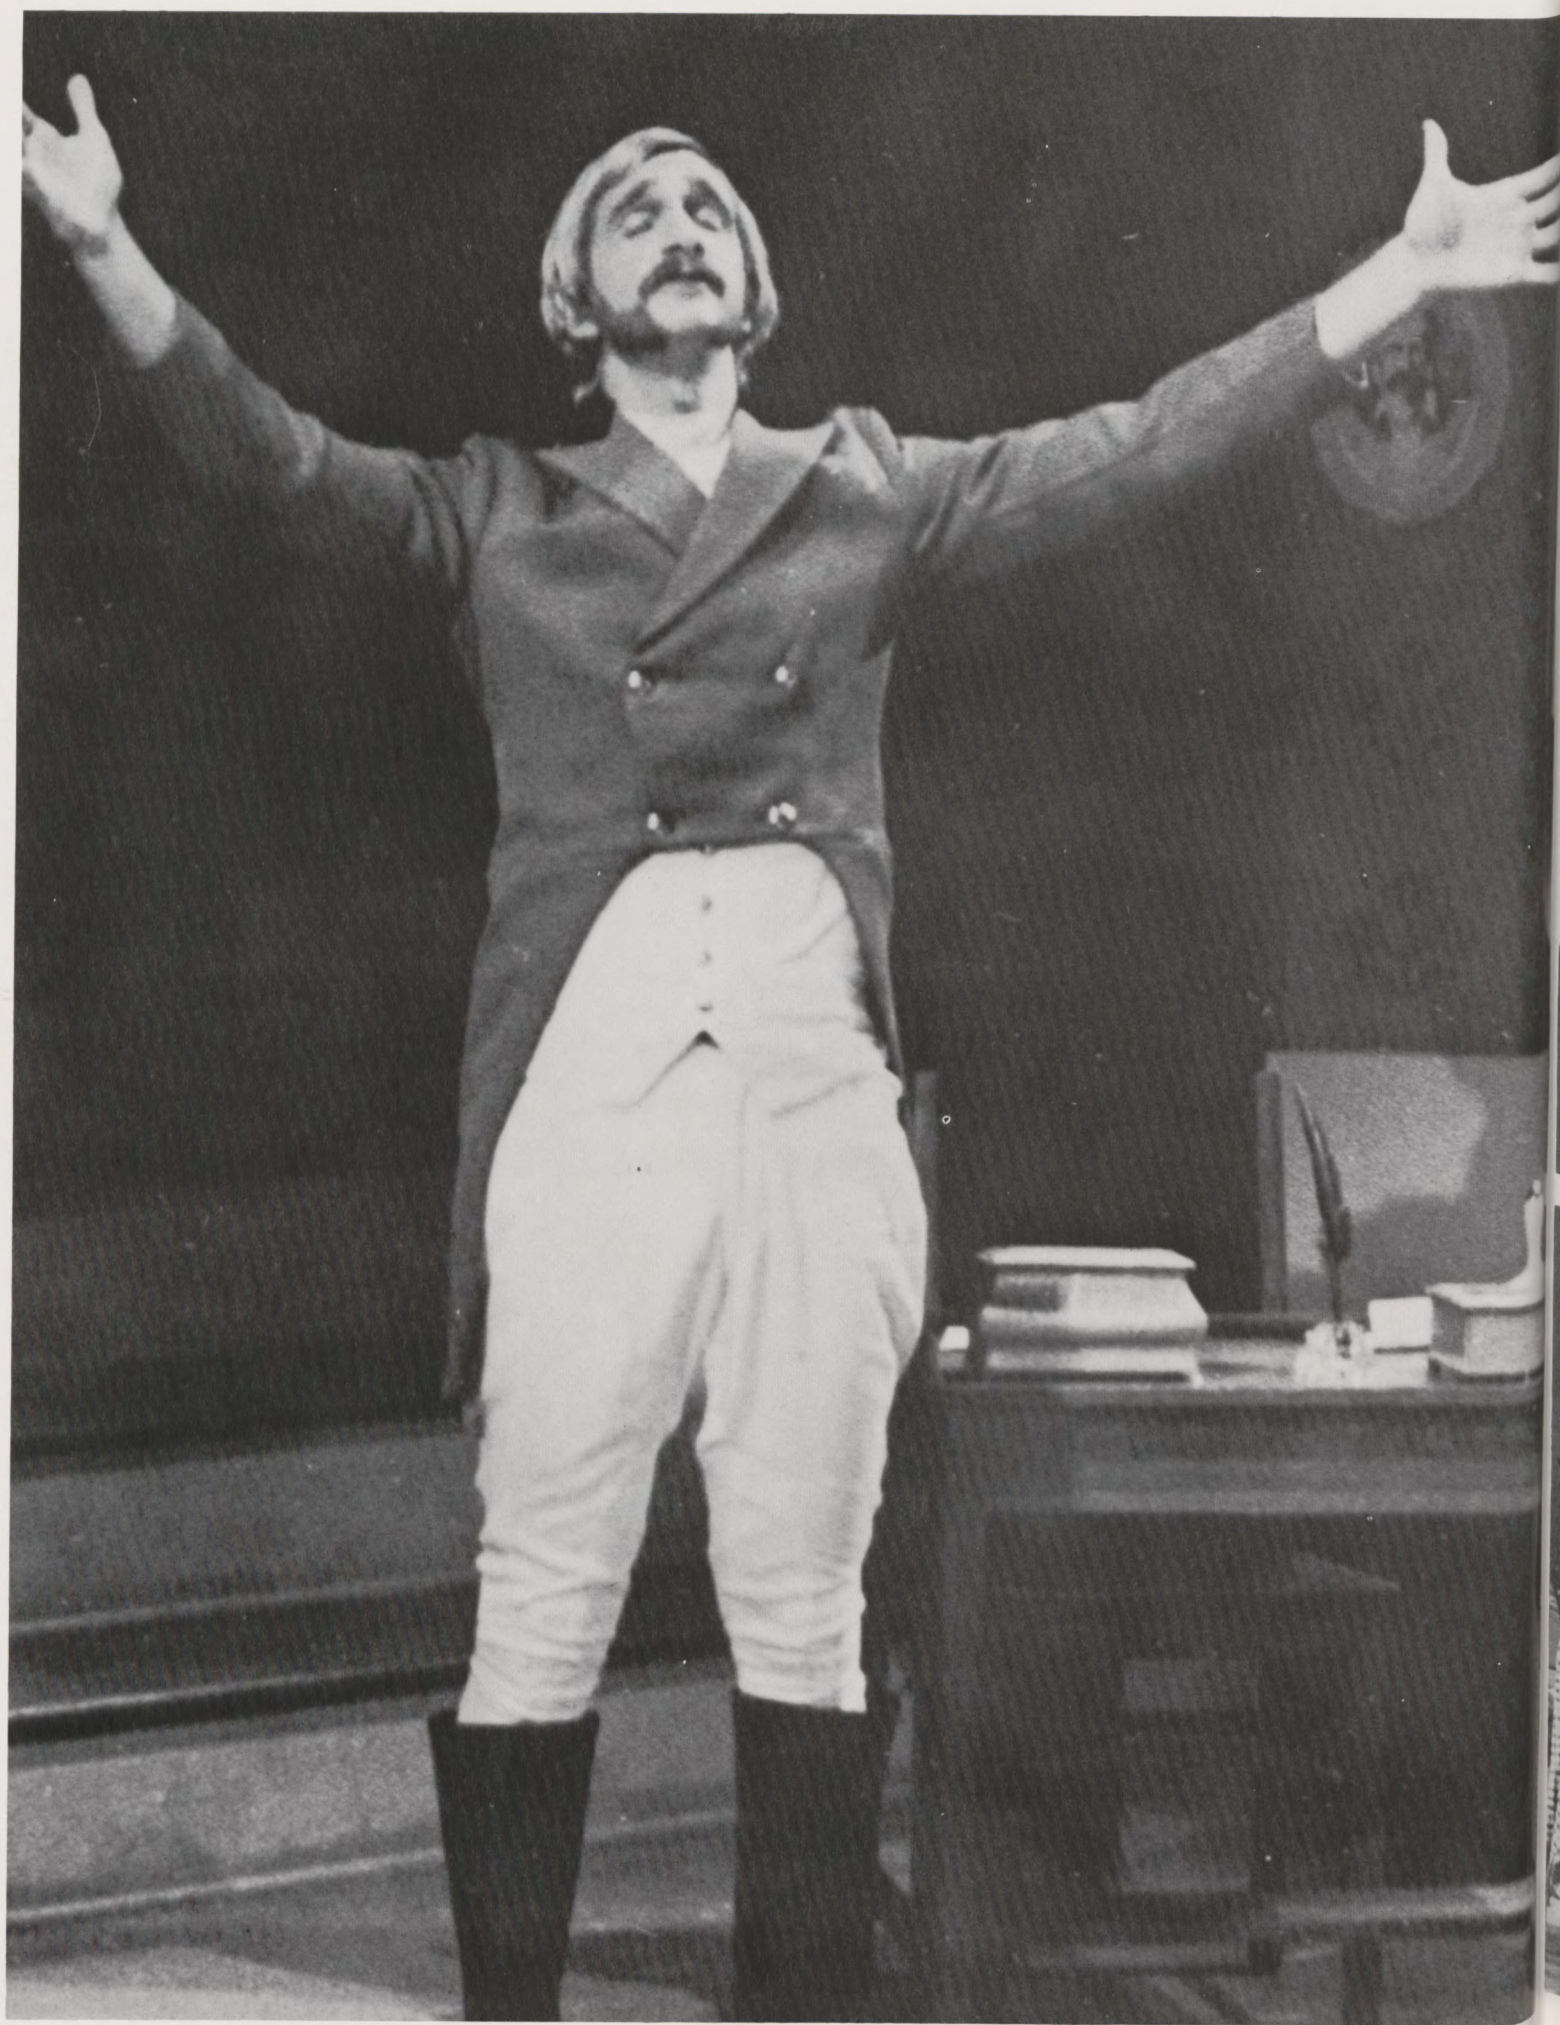

Inward growth is equally emphasized. Weekly Encounter meetings and family groups encourage students to discover themselves and each other. Seminars and Bible studies explore the meaning of Christianity in today's world. BSU is designed to bring depth and meaning to the college student's spiritual life, as well as to help develop lasting relationships.

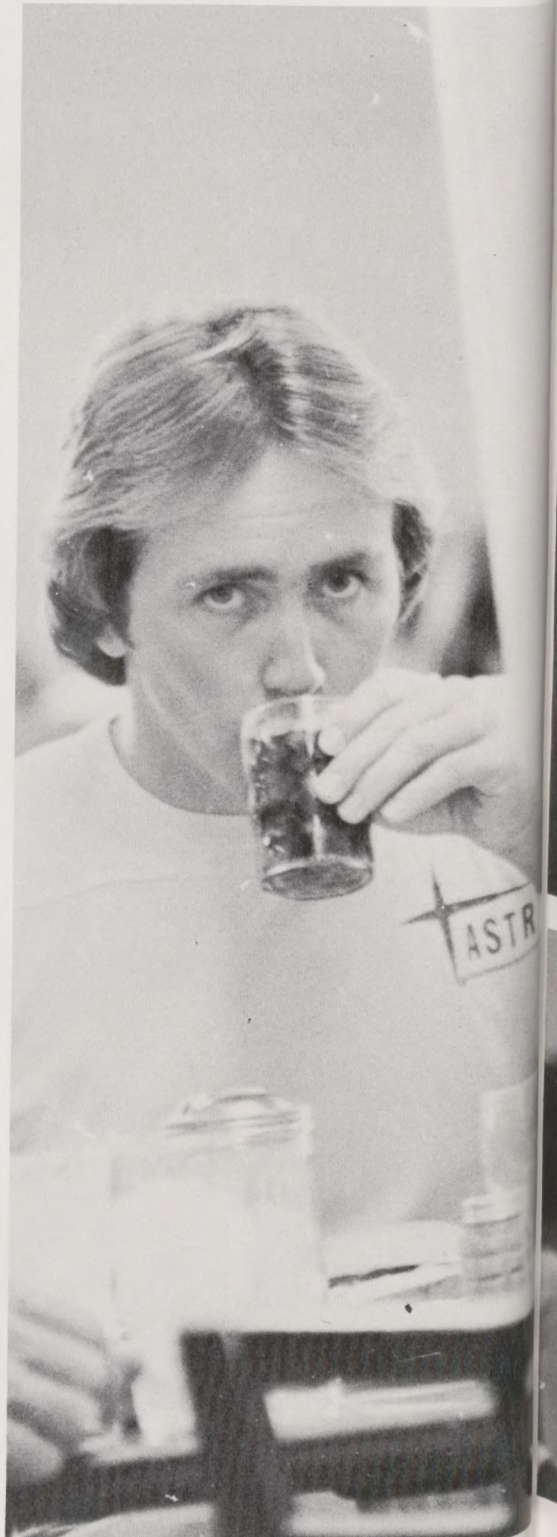

## This Is Show Business!

The Tribal Players outdid themselves this year with a double production. The plays "The Barretts" and "The Rainmaker" alternated nights during the two-week period of their performance. Featuring several veterans to the MC stage and the debut of many students, the acting in both plays was excellent and in some cases could rival any on Broadway!

Cafeteria  
Food—  
MC Style

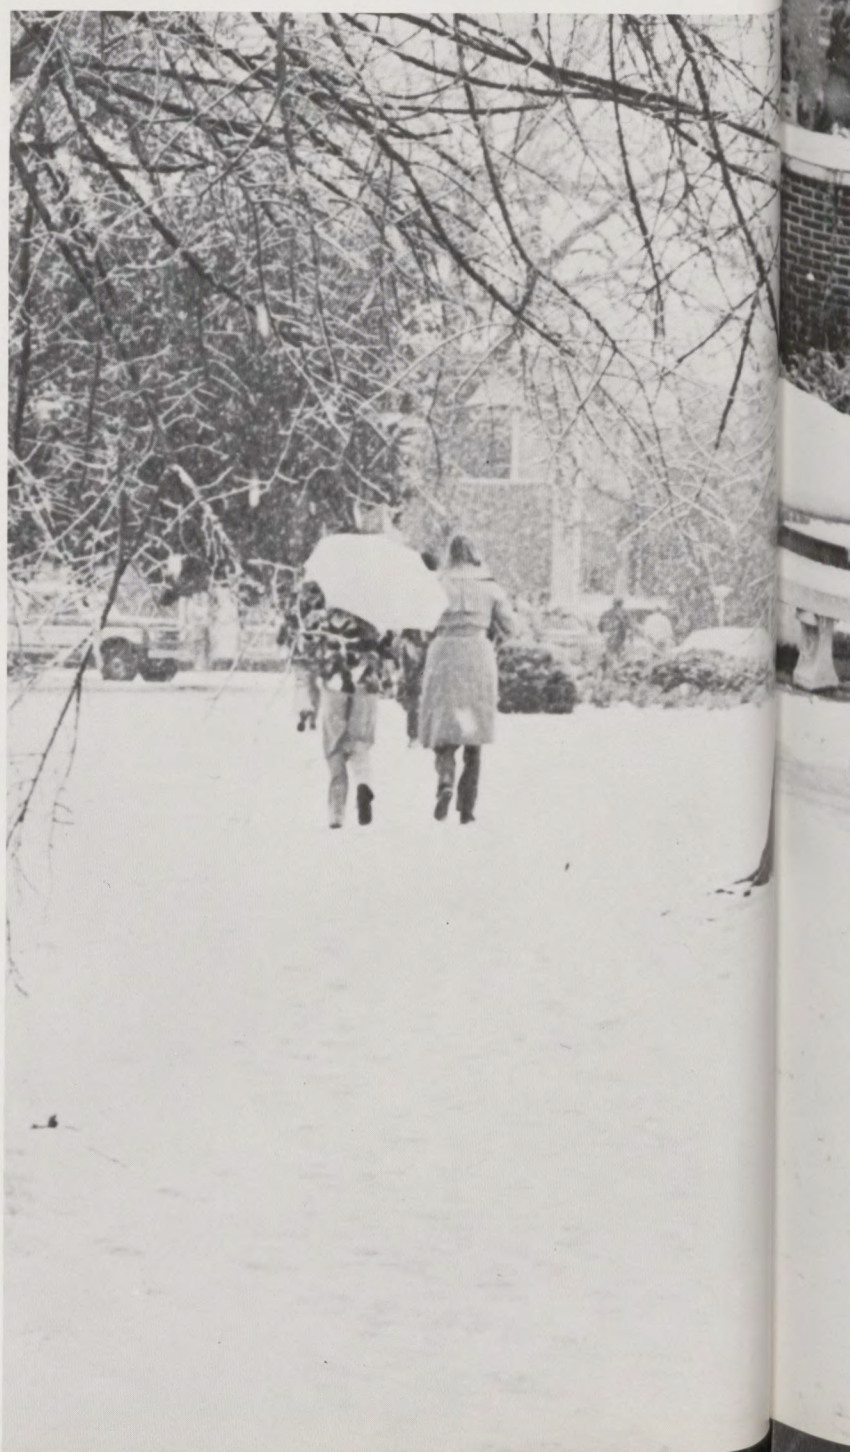

My mother always told me if I couldn't say anything nice, I shouldn't say anything at all . . . . .

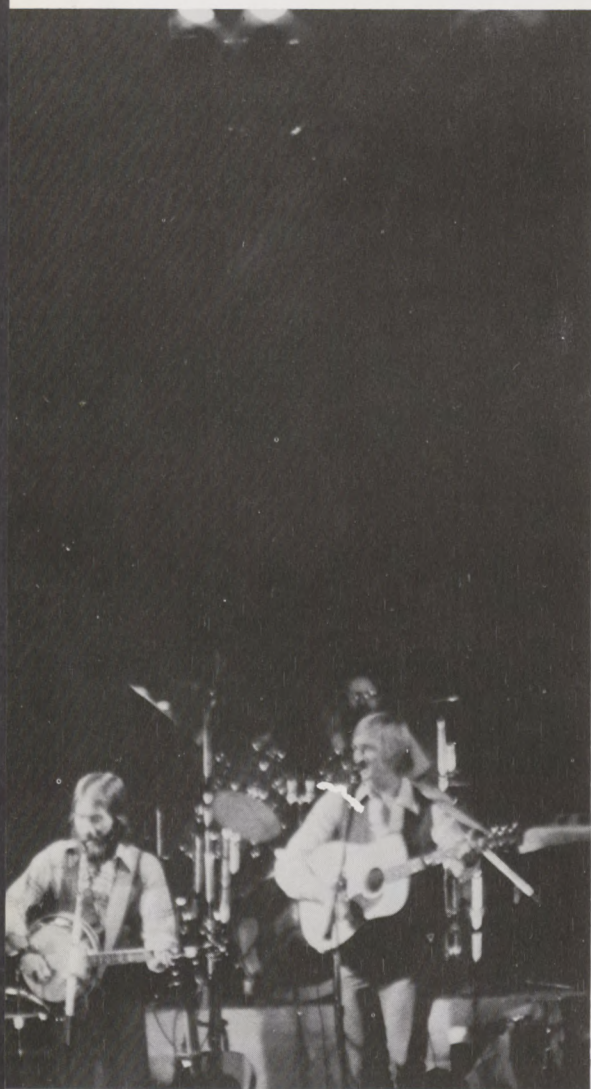

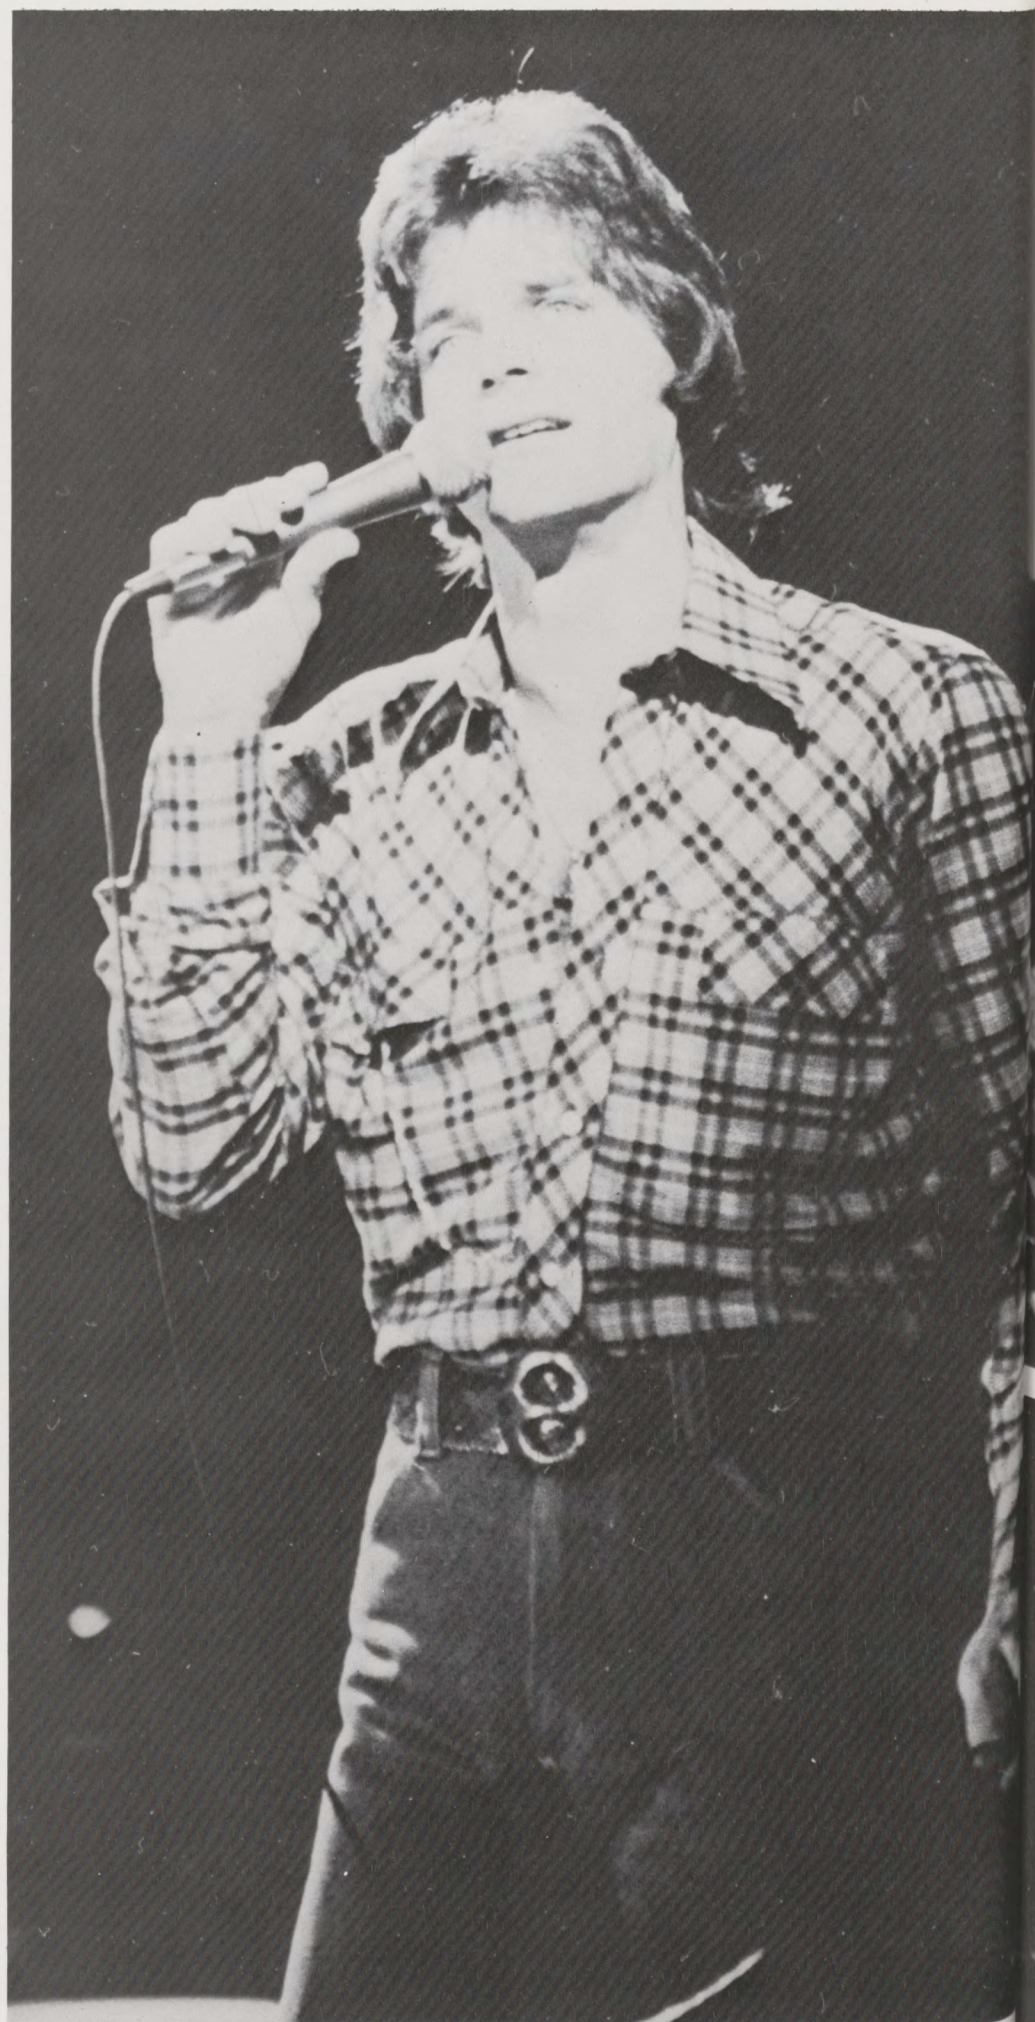

# Let it Snow, Let it Snow—etc.

After one exhausting day of classes into the semester, the arrival of sleet and snow added some more unscheduled holidays to the week. However, with conditions so bad for traveling, we were limited mostly to the campus for activities. After all, there are only so many card games to play, and the snow on Mary Nelson Hill soon melted from abuse. In the end, most people were ready to get to classes—at least for the time being.

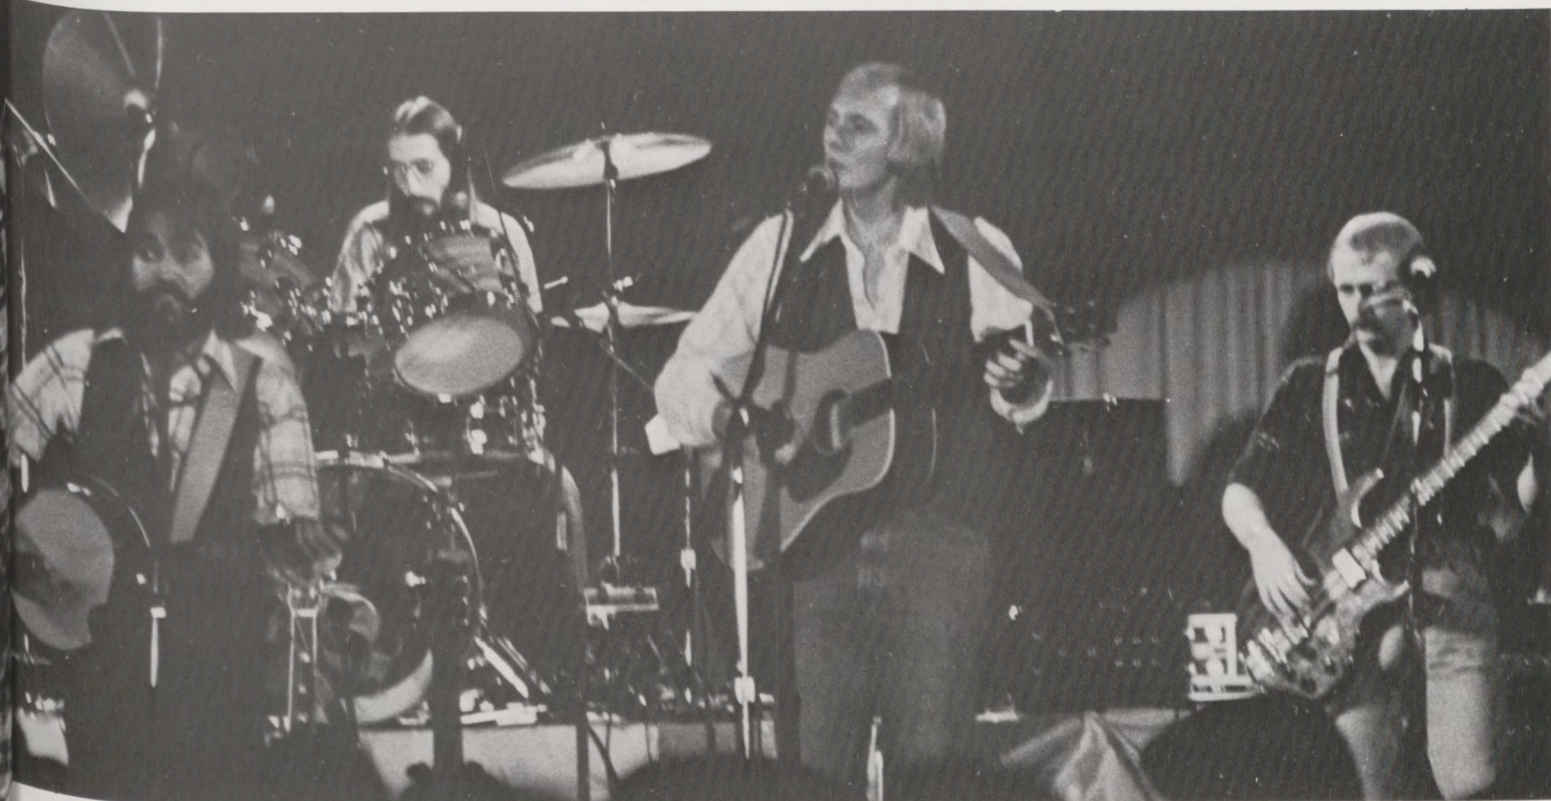

## Who's ever have thought three years ago that B.J. Thomas would be singing in Ratliff parking lot?

Meisberg and Walters, even though their name is hard to pronounce, remember, or spell, had no trouble producing excellent music with the added touch of an extraordinary fiddler-mandolinist. However, every one at the Concert was ready when B.J. Thomas came out on the floor. His medley

of hits included such songs as "I'm so Lonesome I Could Cry" to "Hooked on a Feeling" and "Raindrops Keep Fallin' On My Head"—the list is almost endless. He featured in the concert songs from his new gospel album which shares his testimony.

# Jennings— Replaced or Destroyed??

The controversy raged strong this year over what would be the fate of this old, but undeniably charming dorm. For the time being, Jennings continued existence appears to be insured.

Bill Ireland

Anne Jones

Mr. and Miss MC are elected by the student body, and this year after the votes were counted, Anne Jones and Bill Ireland were found to have been selected by their peers. Anne Jones has been extremely active during her years here at MC, and involved in many areas of campus life. She is an active Kissimmee, having been selected "Ideal" Pledge, Pledge President, and Tribe President. The judges selected Anne as Miss Mississippi College 1976. Added to Anne's list of activities are Phi Beta Lambda, Civitan Sweetheart, BSU Executive Council, Preview Day Chairman, Class Favorite, and Resident Assistant for Mary Nelson Dorm. This year, Anne was elected to Who's Who, and served together with Bill Ireland as Co-Chairmen of Choctaw Round-Up 1977.

Bill Ireland, besides having an immediately recognizable laugh, is equally known for his participation in campus life. Bill has been very involved with Civitan, having served as President and Secretary. He also has served on the BSU Executive Council, Senate, and as Senior Class President. Bill is a member of ODK, Cap and Gown, and Alpha Chi. Bill was a Nenamoosha Beau and Pledge Beau. This year Bill was elected to Who's Who.

The Lady Chocs began the 1977-78 on a winning note by defeating Louisiana College, Mississippi State, and the Lady Choc Alumni in succession. But, their streak was soon broken as they fell prey to Valdosta State, Delta State, and LSU.

Led by Renia Hoffpaurir, Rowanna Pope, Terri Shores, Tesa Townsend, and Connie Winstead, the Lady Chocs did not lose their spirit of winning as they soon defeated Mississippi Valley State in Indian territory.

In memory of Dennis Reed, whose life touched many others. In the words of one of his favorite songs, he is now home.

They say that heaven's pretty,  
And living here is, too.  
But if they said that I  
Would have to choose between the two—  
I'd go home, going home  
Where I belong.

Sometimes when I'm dreaming  
It comes as no surprise  
That if you look you'll see that  
Homesick feeling in my eyes.  
I'm going home, going home  
Where I belong.

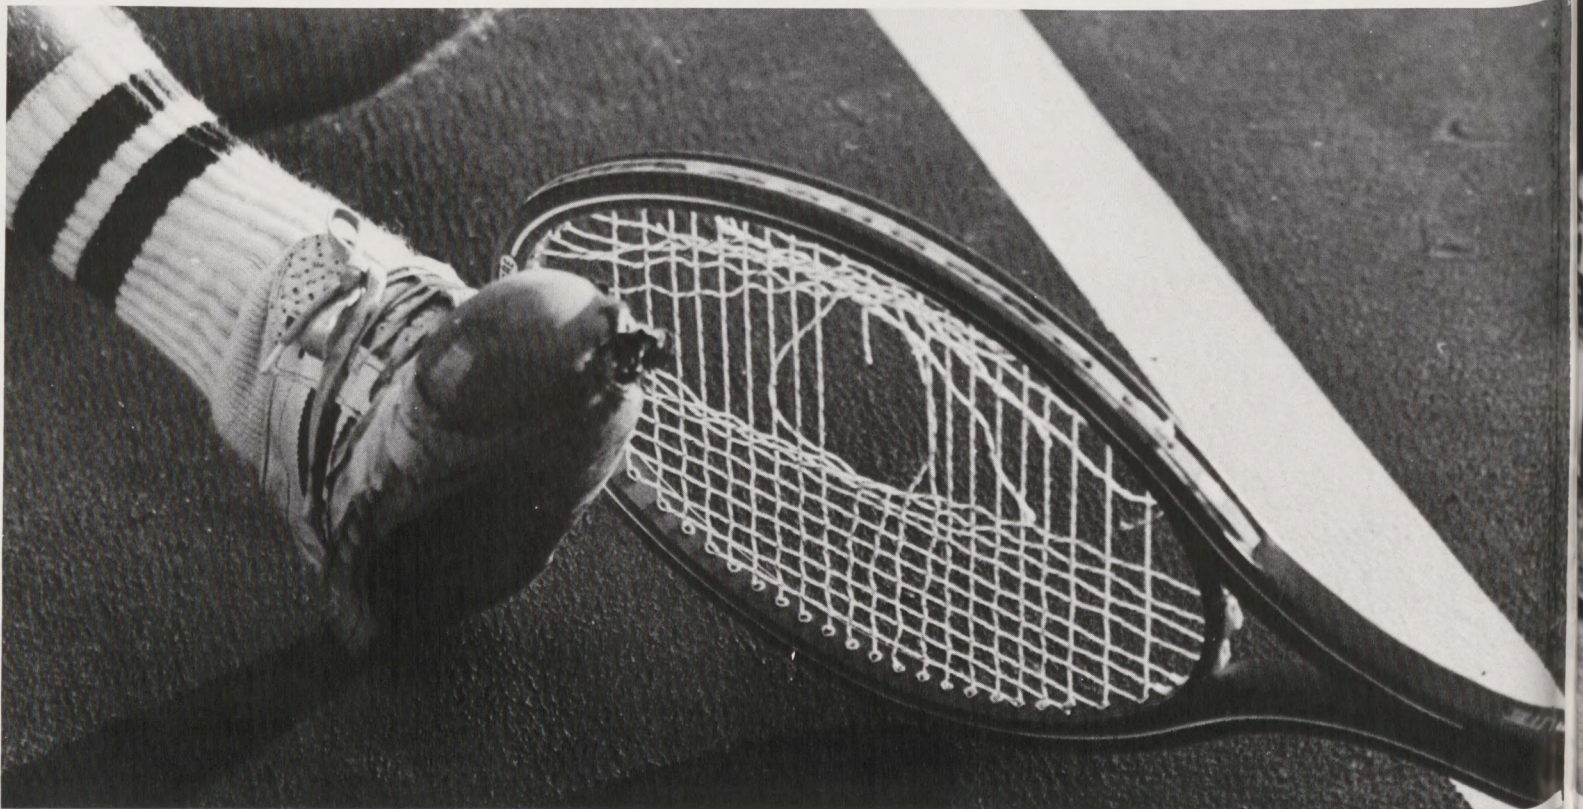

While I'm here I'll serve him gladly  
And sing Him all these songs.  
I'm here  
But not for long.

Sometimes when I'm lonely,  
And when I'm feeling blue.  
It's such a joy to know that  
I am only passing through.  
I'm going home, going home  
Where I belong.

One day when I'm sleeping  
And death knocks on my door,  
Then I'll awake to find  
That I'm not homesick anymore.  
I'll be home, going home  
Where I belong.

Electric power is a valuable resource, and it makes good sense to conserve it. Here are a few easy ways to do that:

- Make sure your home is properly insulated.
- Keep your thermostat at 68° in winter and 78° in summer.
- Use dishwashers and clothes dryers only when you have a full load.
- Conserve hot water.
- Turn off TVs, radios, stereos, and lights when not in use.

A few simple rules, but following them makes good sense. Dollars and cents, too...because these rules help you save money as well as electricity.

I really can't say that I am not glad that the work on this yearbook is over—or will be as soon as I finish writing this. It's been fun, rewarding, frustrating, aggravating, and most of all a great learning experience for me—but enough is enough.

I don't feel like I really did justice to the opening section, or got across really what I wanted to say, limited as I was by space, time, money, and inadequate words. What I wanted to convey was the way our lives and the circumstances around us are constantly changing, and that the most important thing is how we react to the changes, good or bad.

This year has been one of tremendous changes in my life. Most of the events were things I would rather have avoided. But I couldn't, and by being forced to face some of the deepest pain, frustration, and hurt of my life, I have learned things I might never have discovered otherwise. Through my reactions to the things that confronted me and those I love, I began to realize that with God's help, anything, no matter how difficult, can be faced. Now, when I look at the future, I feel a confidence and assurance I have never felt before. To me, being able to face life head on, without flinching, is what it's all about.

I would like to take this opportunity to say "Thank you" to those of you who helped me over the rough spots. The love that was given to me when I so desperately needed it was appreciated more than you can know. I hope I can return it in full.
